Jan 14: *Mystery Train* (dir. Jim Jarmusch, 1989): a comedy of sorts that involves three interwoven stories, all of which take place in Memphis and revolve around the Presley legend.

Jan 20: *Blood Simple* (dir. Joel and Ethan Coen, 1983): a twisted thriller set in rural Texas. Bloody and gruesome, this film is not for the faint-hearted!

### Moving Your Personal Web Pages

Information Technology will put the VAX out of service sometime this summer. All personal web pages on the VAX (<http://personal.wofford.edu/~username>) should be moved to space on the network storage by July 15, 2003. Web pages on the network storage (the W: drive on PCs) have "<http://webs.wofford.edu/username>" as the URL.

Information on moving web pages can be obtained from the Help Center in Olin 207 or David Whisnant (ext. 4294, [whisnantdm@wofford.edu](mailto:whisnantdm@wofford.edu)). Terry Ferguson (ext. 4527, [fergusonta@wofford.edu](mailto:fergusonta@wofford.edu)) and the Student Cadre will be glad to move faculty and staff pages upon request.

We are working on a way of automatically redirecting VAX web page requests to the new web servers, but are not confident that this can be done once the VAX is gone. We recommend that you now place a message on your

VAX home page notifying users of the new location of your web site to give others time to change the links to your site.
